WORLD'S MARKETS

New York, July 20.—A break of six points in Mercantile Marine preferred, presumably in consequence of cable advices that the British government intends to impose a tax of 77 per cent on excess profits of shipping companies, featured today's early dealings. Atlantic, Gulf and West Indies which does not come under the ban of the British authorities, rose 3 points to the record price of 66. Specialties of the more direct war class, including the prominent munitions, motors, Butte and Superior and Industrial Alcohol were variously higher. Alcohol adding 2 points to yesterday's rise. Rails were heavy, except "Soos," which rose a quarter.

Trading became unsettled during the forenoon session of the stock market today, Marine preferred falling back 7 points after a 2 point rally with a decline of 3 5/8 for the common. Alcohol after an extreme advance of 4 3/4 recorded 3 and other specialties were similarly affected, though in more moderate measure. Baldwin and Crucible developed reactionary tendencies, with Beet Sugar and Tennessee Copper. Ralls displayed increasing heaviness, Canadian Pacific losing two points. There were some gains to counter balance these losses, but mainly in issues of minor importance. Bonds were irregular.

Omaha Livestock. Omaha, Neb., July 20. Hogs—Receipts 13,000; market lower. Heavy \$9.25@9.95; light, \$9.10@9.30; pigs, \$8.00@9.00; bulk of sales, \$9.20@9.30. Cattle—Receipts 2000; market steady. Native steers, \$7.25@10.25; cows and heifers, \$6.25@7.55; western steers, \$7.00@9.00; Texas steers, \$6.75@7.75; stockers and feeders, \$6.00@8.25. Sheep—Receipts 6000; market steady. Yearlings, \$6.75@8.25; wethers, \$6.50@7.55; lambs, \$9.75@10.65.

Sugar. New York, July 20.—Raw sugar firm; centrifugal, 6.27c; molasses, 5.50c; refined, steady, fine granulated, 7.85c.

The market for sugar futures opened firmer. The strength was led to further buying by commission houses, as well as some demand from Cuban interests. At noon prices were six to seven points higher.

Chicago Grain

Chicago, July 20.—Assertions that the spring crop would be affected generally by black rust led to substantial rise today in the price of wheat. Unqualified reports were received that the pest in North Dakota had spread to the stem. Unfavorable crop conditions in Europe, especially France, tended also to lift values. The opening, which ranged from a shade off to 3-5@1-2c up with September at \$1.12 3/8 to 1 1/2 5/8 and December at \$1.15 to 1 1/2 1/2, was followed by continued additional gains.

Scattered showers and cooler temperature had only a temporary bearing effect on the corn market, supplies encountered few orders to buy. After opening 5-8c lower to a shade advance, prices rallied around yesterday's finish or above.

Oats were governed by the action of corn. Offerings appeared to be readily absorbed.

Absence of selling pressure allowed provisions to rise with grain. Der-

Two Modern Apartments, close in, with home comforts, to responsible parties.

One 3-room, one 4-room; bath and sleeping porch, cement basement; lawn and shade trees with garage. 2923 Washington Ave. Phone 442-W. 5-31-17

Estimates that 20 to 40 per cent damage had already been done to wheat by rust and excessive heat in the best producing district of South Dakota resulted in a decided jump in quotations. The injury was said to be the gravest since 1904. Prices closed strong 2 3/4@2 7/8 to 3 1/2c net higher with September, \$1.15 1/8 @1.15 1/4 and December at \$1.17 7/8.

The advance in wheat had some bullish influence on corn. Closing prices were nervous at the same as yesterday's finish to 1 1/2c higher.

as buttermilk, lemon juice and horseradish water that should not be despised. By bathing the face in hot water for a few minutes to open the pores, and afterward in buttermilk or whatever you wish to use, allowing it to dry on, you can bleach the skin considerably. If you have opportunity to do this several times during the day, at night you can apply your massage cream or bleaching cream.

Massage is valuable for removing the vexing marks, for whatever tends to promote circulation helps the skin.
